The law of the road is that when a driver is overtaken by a faster vehicle, the man driving the slower vehicle shall turn out and give half of the beaten path. Many teamsters with loads fail to obey this. They would get into trouble in case the law was invoked, says an exchange.

THE "thank-e-man" bill introduced by Representative S. T. North, of Jefferson County, and signed by Governor Tener a few days ago, is a good piece of legislation, and will be particularly appreciated by people who ride in automobiles—which at the present time means nearly everybody. The bill requires all surface drains, or gutters across the roads to be removed, and culverts to be substituted. The culverts may be either of wood, stone or cement. It is made the duty of supervisors throughout the Commonwealth to see that the change is made without delay.—Punxy Spirit.

Gov. TENER has appointed the men who drafted the school code as the members of the new state board of education, provided for in the code. Dr. N. C. Schaeffer state superintendent of public instruction, is to be ex-officio president of the board. The members of the new board are: Dr. M. G. Brumbaugh, Philadelphia, named for six years; David B. Oliver, Pittsburg, five years; Dr. George M. Phillips, West Chester, four years; John S. Billings, Erie, three years; William Lauder, Riddlesburg, two years, and James McCaughrin, Wilkes-Barre, one year. It is believed the appointment of these men will give very general satisfaction.

STATE Dairy and Food Commissioner Foust is instituting a rigid investigation of the cheaper candies, the so-called "penny goods" so largely consumed by the little folk and sold throughout the state. There has been a good deal of talk about these products, some alleging even that certain of the chocolates owe their color to the delicious paste of the cocoa bean, but to paint stuffs or ochre; that some of the fudges contain arsenic in considerable amounts; that the bright hues that delight the eyes and fix the fancy of our little tots are not of wholesome vegetable kinds, but are undesirable dyes made from coal tar without due care as to their freedom from poisonous or unwholesome by-products, and that talc, or soapstone, is sometimes used to give weight, in place of wholesome food materials.

Clyde Wolfe Dies From Injury.

Clyde Freeman Wolfe, son of Mr. and Mrs. John Wolfe, of Tionesta township, died Saturday evening, July 1st, at six o'clock, in a hospital at Oil Fields, California, from injuries received about forty-eight hours previous. He has for the past two years been field superintendent for the Valley Water Company, at Oil Fields. On the previous Thursday evening, he in company with his brother, Arthur G. Wolfe, who was also an employee of the company drove out a short distance from the town to inspect a new water meter, which had been attached to a three inch high pressure water line for the use of an oil company. Clyde was standing directly over the meter, watch in hand reading the dial, when without warning the entire cast iron top blew off, striking him fair on top of the head, crushing in the skull from which wound he died profusely. His brother who was not over eight feet from him, and others rushed to his side, picked up the unconscious man and he was rushed to the hospital, where everything known to medical science was done for him without avail, as the doctors held out no hopes of his recovery from the first. We are told that a short time before the final summons came he rallied somewhat from the stupor he was in, and opened his eyes and smiled, seeming to have recognized the weeping wife and brother who were at his bedside. An inquest was held, the jury exonerating the company by whom he was employed from all blame, after which the body was started on its last journey home for burial. The body arrived here on Saturday evening and was buried from the home of his parents on Sunday morning at 11 o'clock. Rev. G. A. Garrett conducted the services followed by the interment in the Wolfe cemetery at Johnstown. A very large concourse of relatives and friends followed the body to its last resting place. The deceased was one of a family of ten children and this is the first break in the family circle. He was born Dec. 18, 1882, and for a few years past has been a resident of California. Besides his parents and widow, who was Miss Ella Swab of Newmansville, and their two children, Ruth and Grace, he is survived by one sister, Mrs. Charles Wertz of Tionesta twp., and the following brothers: Philip A. of Newmansville, Joseph D. of Mannington, W. Va., Frank, John A. and Ernest E., of Tulsa, Okla., Harry E. of Woodbine, Iowa, Tracy B. of Ashland, O., and Arthur G. of Oil Fields, Calif. Friends of Mr. Wolfe in Oil Fields forwarded funds here sufficient to procure a handsome wreath of flowers as a final token of respect and esteem to their departed fellow workman and neighbor.

Whig Hill.

As the glorious fourth is passed and the eagle has had his scream, the people are now settling down to business. Some have already begun to make hay, while some are holding off for their grass to thicken up. Some are hoeing potatoes, while others are harvesting their potato bugs. One need not be idle. All can have a part in the work. The most of our people went to Kellettville to the big time on the 4th. The parade was a dandy. Three photographers were busy the greater part of the day taking snapshots of the different scenes. Among the good times there were some accidents. A little girl had her arm broken at the merry-go-round. Also a son of Will Deter had his head badly jammed. Will Shilze's best cow was killed on the S. & T. railway above Kellettville. The cow was trying to get a squirt at Conductor Hunter, who was very busy at that time entertaining some young ladies, and the result was the cow failed to come home to be milked in the evening. The races were fairly good. Several young ladies ran in the races and they everlastingly made the dust fly. A young Mr. Dotterer won the young man's race and as a result of his activity was made a present of \$5.00. Then came the big ball game between Kellettville and Mayburg. Now the time passes. Great pitching and hard batting, lots of sweating, tooting and yelling, and Mayburg pulled off the game by a score of 9 to 4. In the evening came the great fireworks at half past eight o'clock. Hundreds of people came in autos and in every imaginable way to see the great display. Brooklyn street was lighted up so you could read a newspaper for many rods and the heavens were illuminated in one continuous stream of fire. Some thought the great day had come but are still living today to tell the story. Old people 65 to 90 years of age who have known the Tionesta creek since she was a small stream and have seen her banks overflow and great ice gorges and thousands of dollars worth of lumber go down to the great Allegheny river, will not forget and will tell those things to their grandchildren for years to come. And as those things are related so will the story of the great fire works of July 4th, 1911, be told. After the display the crowd broke up, some tired, some saying they had a good time, and some growlers saying they never wanted any more and that they had enough to last a life time. Mrs. Herb. Reece, formerly Miss Kate Blum, of Delaware, Oklahoma, is visiting friends here.

Green Ward's youngest daughter, of New Castle, is visiting here for a short time. She expects her husband to join her here in a few days. People who will come to the Whig Hill campmeeting in the near future will do well to look out for the bridge at Turkey run, which is being repaired. We expect to have a new iron bridge soon. The abutments are finished. E. N. Decker, while tightening a burr on his mowing machine, let the wrench slip off and ran a guard through the back of his hand, ripping it open to the bone. Dr. Serrill took four stitches in the cut and dressed it up, so now he says he feels all right again. Roy Atkins of Muzette is here on the hill talking on friends. Glad to see the boy again.

Happiest Girl in Lincoln. A Lincoln, Neb., girl writes, "I had a Lincoln for some time with chronic constipation and stomach trouble. Zuendel Family Reunion.

The annual reunion of the H. A. Zuendel family was held July 4th on the old homestead at Starr. These gatherings have been held each year for some time and are always greatly enjoyed by all present, this year being no exception to the rule. At noon a fine dinner was served on the shady lawn in front of the house, to which the entire company, thirty-six in number, did ample justice. The gathering consisted of Mrs. H. A. Zuendel, her children and grandchildren, Mr. C. Zuendel, brother of Mrs. Zuendel, Mrs. C. Zuendel, Mr. and Mrs. Ben. Weller and son Harold, Mrs. S. C. Davis and daughter Beatrice, and Mrs. D. C. Carrier, the three ladies last named being daughters of Mr. and Mrs. C. Zuendel. The day ended all too soon and all left for their homes saying they had a good time. All are invited to come again on July 4, 1912.

Mayburg Ties and Wins.

The ball game at Mayburg on the afternoon of July 1st between Mayburg and Kellettville resulted in a tie score of 6 to 6. The teams were evenly matched and considering that neither had much practice before the game, played good base ball. On account of the close score much interest was shown, a fact which aided the players materially. Mayburg's battery was Green and Masterson, and they allowed Kellettville 5 hits. Kayes and Bowes were in the points for Kellettville and Mayburg got 5 hits. Green had 3 strike outs and Kayes 9. Hoy, Holderman, Harris and Masterson played winning ball for Mayburg, while Schwartz, Phillips and Watson starred for Kellettville.

In the game at Kellettville on the afternoon of the 4th, Mayburg's nine, strengthened by the addition of several new players, defeated the local boys 9 to 4. Loss of time between innings and numerous errors caused the game to be one of unusual length. Edmonson pitched clever ball for Mayburg, while Arner's fielding for Kellettville deserved commendation. The score:

Table with columns: Name, R, H, PO, A, E. Rows include Kellettville players like Watson, Arner, Phillips, Schwartz, Russell, Shaw, Blyler, Conrad, Kayes, Dotterer, Lyle and Mayburg players like Harris, Masterson, Orris, Edmonson, Stiggart, Richards, Hoy, Hendrickson, Birch.

Summary—Two-base hits, Harris, Orris, Hoy, Richards; three-base hit, Edmonson; stolen bases, Kellettville 5, Mayburg 5; bases on balls, off Kayes 2, off Russell 1; struck out, by Kayes 5, by Russell 2, by Edmonson 14; hits, off Kayes 11, off Russell 2 hit by pitched ball, Orris; passed ball, Watson; wild pitch, Kayes. Umpire, Welsh.

A friend sends us the following item clipped from a recent issue of "Clean Commonwealth," with a request to publish the same: "At the great convention at Groves City a few days since a good movement for a dry county was grandly launched. The convention by a rising vote in which 2,000 men stood up, made the following declaration: We pledge ourselves to circulating and signing of remonstrances against the granting of license in Mercer county for the manufacture and sale, by wholesale or retail, of intoxicating liquors as a beverage. That a central committee be appointed to have charge of the matter, with power to appoint sub-committees as may be required. That the committee be empowered to employ competent attorneys to contest any petitions asking for licenses to sell liquors by wholesale or retail in said county. And further that the men's organized Bible classes do pledge themselves to bear all the expenses of said movement."

HEALTH HINT FOR TODAY.

A Nourishing Cereal.

Cornmeal porridge and milk is a nourishing and altogether a wholesome food if the liability to swallow it without much mastication be avoided, especially when there is a tendency to constipation. The porridge should be made thick, boiled for ten minutes in a double boiler and finished by four or five hours in the freer cooking, when it should be sold, inducing mastication more than thin wheat preparations. Cornmeal can be ground from the cob on a common grater, but care should be taken not to grind so close as to include pieces of the cob. A fresh, coarser, more wholesome meal can be made in this way, which, if cooked long and slowly and thoroughly masticated, is preferable to any other cereal preparation.

CRAZED, STARTLES CHURCH

Young Women, Crying She is Inspired. Arrested at the Rev. Dr. F. W. Tomkins' Service.

Philadelphia, July 11.—Doning a robe of white satin and gilded slippers, Mrs. Mary J. Price, a young English woman, until recently employed as a servant by Mr. and Mrs. J. Keithsey Mitchell, 3rd, created a disturbance at Holy Trinity church, by loudly declaring, while the Rev. Floyd W. Tomkins, the rector, was preaching, that she had received divine inspiration to cleanse the members of the congregation of sin.

After Dr. Tomkins, descending from the pulpit, had vainly tried to calm her, a policeman was summoned. This she greeted with: "You are a lost sheep and I will take you to the shepherd." At the police station examining physicians stated that the woman was suffering from an acute form of religious mania. She was sent to the Philadelphia hospital.

Why didn't you have your money in the Bank? The Bank is the only safe place to keep your money.

All men can make money, but few men know how to invest money. When you make money you depend only upon yourself; when you invest money you must depend upon others.
